Product Details

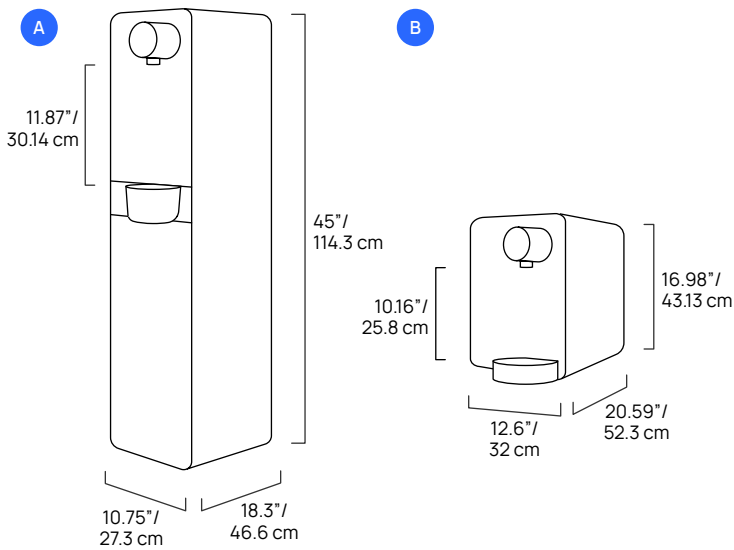

Elevate your workplace hydration with the Purity Essential. This bottlefree standard-capacity cooler delivers filtered, crisp, and refreshing cold and hot drinking water - perfect for everyday office needs. With an intuitive touchscreen for easy dispensing and Culligan Quench advanced filtration technology, the Purity Essential ensures reliable performance. C-Sense™ smart monitoring remotely tracks water quality, filter life, and usage patterns while notifying Culligan Quench when it needs servicing, filter change, or service attention to ensure great-tasting water is always flowing so you can focus on business.

Advanced Features

- Cold and hot filtered drinking water
- Touchscreen display with multilingual user interface
- Large 11.9"/30.14 cm dispensing area perfect for most reusable bottles
- Advanced multi-stage carbon or reverse osmosis filtration to produce refreshing, great-tasting drinking water on-demand
- Reverse Osmosis filtration includes mineral+ filter to ensure drinking water is hydrating
- Antimicrobial BioCote® surface protection
- C-Sense™ technology provides real-time monitoring and automated service alerts, including filter status, maintenance needs, and overall water quality.
- Also available with cold and ambient filtered drinking water
