- C-Sense[™] technology for remote machine monitoring

Product Details

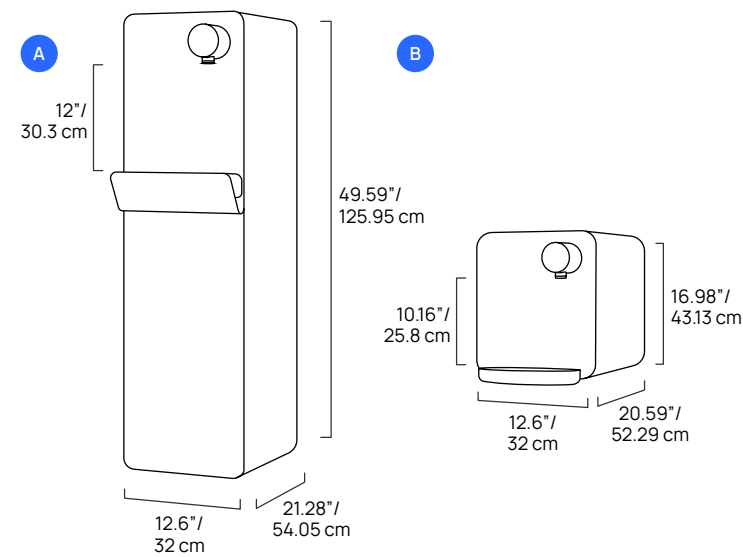

Refresh your workplace with the Purity Advanced. Designed for busy offices, this bottlefree cooler provides filtered hot and cold water on-demand. Its intuitive touchscreen makes dispensing effortless, while Culligan Quench's advanced filtration system ensures consistent quality. Equipped with C-Sense™ smart monitoring, the Purity Advanced automatically tracks water quality, filter life, and system performance. When maintenance or a filter replacement is needed, C-Sense™ alerts Culligan Quench so your team can stay focused on what matters most.

Premium Features

- Cold and hot filtered drinking water on-demand
- Touchscreen display with multilingual user interface
- Large 12"/30.3 cm dispensing area perfect for most reusable bottles
- Advanced multi-stage carbon or reverse osmosis filtration fits nicely inside Freestanding and Countertop models
- Reverse Osmosis filtration includes mineral+ filter to ensure drinking water is hydrating
- Antimicrobial BioCote® surface protection
- C-Sense™ technology provides real-time monitoring and automated service alerts, including filter status, maintenance needs, and overall water quality.
- Tall ergonomic "no-bend" design for easy dispensing
- Available with cold and ambient filtered drinking water
