- Ice-bank cooling technology to keep up with demand
- Intuitive touchless or touchscreen for easy dispensing
- Firewall® UVC technology for maintaining water cleanliness
- BioCote® anti-microbial surface protection
- Remote machine monitoring with C-Sense™ technology

Product Details

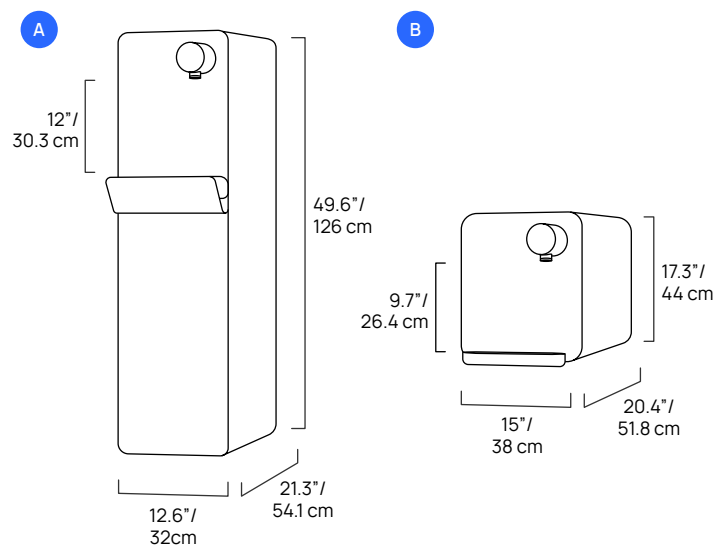

Level up workplace hydration with the Purity Prime sparkling water cooler. Designed for busy offices, it delivers clean, great-tasting water on demand in six modes: cold, ambient, hot, extra hot, light sparkling, and extra sparkling. The touchless or touchscreen interface makes dispensing easy, while Firewall® UVC technology helps ensure water cleanliness and BioCote® protection reduces microbes on high-touch areas. With C-Sense™ smart monitoring, the Purity Prime tracks water quality, filter life, and performance, sending alerts when service is needed to keep hydration worry-free.

Advanced Features

- Cold, ambient, hot, extra hot, and chilled light sparkling and extra sparkling filtered water
- Easy-to-use touchless or touchscreen display with multilingual user interface
- Large 12" / 30.3 cm dispensing area perfect for most reusable bottles (Freestanding model)
- Ice bank cooling technology to keep up with demand
- Advanced carbon or reverse osmosis filtration reduces lead, forever chemicals, microplastics, and other harmful contaminants
- Reverse Osmosis filtration includes mineral+ filter to ensure drinking water is crisp and refreshing.
- Firewall® UV-C technology maintains water quality and neutralizes potential bacteria at dispense
- Advanced hygiene technology with antimicrobial BioCote® surface protection and sophisticated glass front panel
- C-Sense™ technology provides real-time filter, maintenance, and water quality alerts
- Available with hot and extra hot water disabled for select installations
